

NEOFLEX[®]

PREMIUM GYM TILE

Neoflex Premium Gym Tiles

Neoflex Premium Gym Tiles are highly durable, dual-durometer, resilient, slip-resistant rubber tiles suitable for Home or Garage Gyms, as well as home-based Crossfit and functional training spaces.

These 15 mm thick tiles are easily installed and are a cost effective choice for where a very tough, sound deadening, anti-vibration and comfortable tile surface is preferred.

YOU

Exceptional Performance

-  Highly durable, synthetic EPDM rubber surface, with very low abrasion properties
-  Permanently elastic, flexible, comfortable under foot and no black rub-off
-  Sound & Vibration Deadening
-  Anti-static and slip-resistant
-  Environmentally friendly - made from 90% recycled material
-  No Smell, VOC Compliant, Halogen Free, Formaldehyde Free, Phthalate Free
-  Anti-microbial Treated - Easy to clean and easy to maintain
-  Meets European Fire Standard EN 13501-1 C_{fl}-s2

Superior Construction

Neoflex Premium Gym Tiles are manufactured using an extremely high-density sythentic EPDM Rubber Sheet Top, that is fused to a force-reducing recycled rubber base during manufacture. The end result is a rubber tile with 2 layers that have been optimised with exceptional properties in order to significantly outperform traditional, rubber-granule gym tiles.

The EPDM Rubber Sheet Top is easier to keep clean, more durable, more flexible and more resistant to damage than traditional rubber-granule gym tiles.

Additionally, the force-reducing rubber base is softer, and more compliant than rubber-granule gym tiles resulting in a more comfortable, and shock-absorbing gym tile - that remains permanently resilient.

High-Density Synthetic EPDM Rubber Sheet Top

Shock-Absorbing Recycled Rubber Base Layer
